

## Stillwater County Facility Rentals – Liquor Policy

MT State Law prohibits the sale of beer, wine, or hard liquor without proper license at any Stillwater County property. The Bottle Club Law and beer and table wine license provide for the use of liquor at public functions.

**OPTION A:** A private function not open to the public can have beer, wine, and hard liquor without license. If advertised and open to anyone who comes (public) this does not apply.

**OPTION B:** The Bottle Club Law does not allow the BYOB (Bring Your Own Bottle) at any public function. Tickets sold for any event (music, dinners, general admission, etc.) prohibit the use of hard liquor furnished by guests and the sponsoring group providing a setup (glasses & ice). <https://mtrevenue.gov/wp-content/uploads/mdocs/2022-12%20-%20bottle%20club%20fact%20sheet.pdf>

**OPTION C:** A license to sell hard liquor can be obtained by contacting a tavern, which has purchased a catering endorsement.

**OPTION D:** A special permit can be obtained by qualified organizations by submitting an application. The special permit entitles the holder to sell and serve beer and table wine on the premises.
