Subject: Rockslide Issue
Date: Wednesday, March 16, 2016 1:13:05 PM

It has come to our attention that after the email of 3.14.16, Scott Walker of Shannon & Wilson was contacted directly by a member or members of Stillwater County residents residing near the rockslide. Shannon & Wilson is a professional engineering firm hired by Stillwater County to perform functions as described in the report attached to the email. The report is a public document and as such, it was attached to the email for the public's view.

Shannon & Wilson will not discuss the rockslide and the work to be performed with private individuals. Please respect the firm's desire that no further contact is made directly with Shannon & Wilson. If you have questions about Shannon & Wilson's report and the work to be performed in the near future, contact the Stillwater County Commissioners.

Shannon & Wilson will prepare a report with its findings once its defined work is completed and such will be disseminated forthwith. It is the County's hope and intent that Shannon & Wilson's findings will provide a clear picture of the County's next steps in addressing this issue.

Thank you.
