

Stillwater County Solid Waste District Household Hazardous Waste

Liquid wastes cannot be accepted at the collection sites for disposal. Paints, solvents and other liquid wastes may be air dried or solidified in sand or kitty litter and then double bagged for disposal.

Household hazardous wastes as defined in MCA 75-10-203 means products commonly used in the home that due to corrosiveness, ignitability, reactivity, toxicity or other chemical or physical properties are dangerous to human health or the environment. Household hazardous waste includes but is not limited to cleaning, home maintenance, automotive, personal care, yard maintenance and pesticides.
