Mind Breaking Imagining Sessions

Stillwater County Library County Center Steering Committee

Thursday, July 7, 2016

3:00pm-4:30pm and 5:30pm-7:00pm

Stillwater Pavilion in Columbus

The Stillwater County Library and County Center Steering Committee cordially invites you to participate in our exciting *IMAGINING* process for a new Library County Center. We are reaching out to the communities and supporting organizations during this early planning process to gain thoughts and ideas on how to more effectively serve the needs of our patrons and clients.

Stillwater County

Join us..... July 7th for one of two public sessions being held at the Stillwater Pavilion in Columbus at either 3:00pm - 4:30pm or 5:30pm - 7:00pm for a “Mind Breaking” event hosted by our Library County Center Steering Committee to formulate a vision for the next 20 years of our Library and county spaces. Our goal is to hear and explore opportunities to design our library and county center to better serve all citizens of Stillwater County.

Stillwater County has selected NE45 Architects and the award winning architect Dennis Humphries with Humphries Poli Architects to work with us to produce a conceptual design and feasibility study. The architects will be facilitating the Mind Breaking Imagining sessions and we urge your participation.

- The Mind Breaking exercise consists of an inspirational slideshow illustrating current trends, design concepts, and developments in library design.
- Participants record the most exciting or useful ideas on sticky notes, and organize them according to major library spaces.
- These notes are read back to the group for discussion and clarification
- The architects bring this feedback to their drawing boards to incorporate and recommend advancement of the most significant ideas presented by the County. These ideas are then incorporated in the design process moving forward.

We invite you to please join us this
