Introductions were made  
Minutes approved as submitted.

DES: none at this time

E-9-1-1 Presidential Partners will be here June 15-19

LEPC

PHEP Natasha was out, no update at this time

Road names none at this time.

Communications Jennifer reported they have hired 2 dispatchers; they should be on the floor in August. Randy is working on a common bank of

channels. Bill has the radio user MOU all signed but Absarokee board. He will be attending the next weeks meeting to see why they won't sign. Dunn communications was here and put up the new antennas up at Shane and cleaned up the old stuff. The 3 antennas were put at the R&B shop. Dunn will be back to do the maintained for repeaters and install the consolettes.

Fire Warden

DNRC is working on staffed stations and will be having a zoom meeting tonight. We are hoping Columbus, Absarokee and Park City will have people to staff stations this year.

Discussion

Charlie that the EMPG reverted fund grant application is going out. He also has concerns on how they are reporting on the COVID information. Rosebud County has a position and that person isn't even in the state should that be reported in our state? Shane let us know that Highway Patrol received a grant so every patrol car will have a AED in it.

The hells angles will be passing through the county to go to a rally. It looks like there will be a very busy June & July for travel.

Randy asked if Nick has got the all call/mutual aid plan ready so they can review it?

The mine now has received the application for the RR crossing. That project is still in the works.

Meeting Adjourned at 8:35 am
